EDITORIAL
The Clean Air Act: What's in store for publicly owned treatment works
C. Lue-Hing 867

RESEARCH PAPERS
The effect of pore size on transfer capabilities, fouling tendencies, and cleaning amenability of ceramic diffusers
D. T. Redmon, H. Melcer, G. V. Ellefson, L. Ewing 868

Evaluation of four different tertiary filtration plants for turbidity control
J. F. Kuo, C. L. Chen, J. F. Stahl, R. W. Horvath 879

Verification of the fate of a volatile organic compound in activated sludge
H. Melcer, W. K. Bedford 887

A filtration technique for algal removal from lagoon effluents
D. D. Truax, A. Shindala 894

Activated biofilm removal of low concentrations of toluene
S. Niaki, R. D. Neufeld, C. Badali, P.K.T. Liu, D. Powers 899

Effects of diet on survival, reporduction and sensitivity of *Ceriopadhnia dubia*
C. A. LaRocca, D. E. Francisco, F. A. DiGiano 905

Determination of ferric chloride dose to control struvide precipitation in anaerobic sludge digesters
D. Mamais, P. A. Pitt, J. W. Cheng, J. Loiacono, D. Jenkins 912

The laterial flow sand filter system for septic tank effluent treatment
G. G. Check, D. H. Walter, S. A. Lee, D. A. Pask, J. D. Mooers 919

DISCUSSION
Of: **Measurement of chemical sludge floc density and implications related to sludge dewatering,** W. R. Knocke, C. M. Dishman, G. F. Miller, **65**, 735 (1993)
R. I. Dick 929
